ANNUAL DINNER OF RED CROSS SET FOR OCT. 13

Plans for the annual dinner meeting of the Adams County chapter of the Red Cross were reviewed at the September meeting of the chapter's board of directors Tuesday evening in the American Legion building.

The dinner session will be held at 6:30 o'clock Tuesday evening, October 13, at the YWCA building. A chicken dinner will be served at \$1.50 per plate.

Chapter Chairman Charles E. Held said he expects to announce the speaker within a few days. The election of directors and presentation of annual reports also are scheduled for the October meeting.

218 Passed Tests

Miss Helen Louise Strieby, first aid and water safety chairman, reported 218 passed swimming tests in various classifications in the biggest summer water safety program even conducted by the county chapter. More than 1,100 were enrolled in classes that started in June and continued late into July.

A letter of appreciation was read from Miss Elizabeth Rutledge, county special education supervisor, for the swimming instruction given this year for the first time by the Red Cross for pupils enrolled at the Day Care center here.

Chairman Held asked for 12 Red Cross volunteers to help solicit funds in the forthcoming Community Chest drive.

Adopt Chapter Policy

The board adopted a policy under which it will continue to provide volunteer blood donors for countians who face emergency needs for that service but decided that in cases where travel costs are involved the Red Cross will ask the donor, his family or some other source to pay the cost of transporting donors. Exceptions may be made in "extreme hardship" cases. The Red Cross has no funds budgeted for transport.

2 PRESIDENTS TO INSTRUCT GIRL SCOUTERS

The presidents of the Adams County and Hanover Girl Scout Councils will be the instructors at the training course for Girl Scout leaders to be held at New Oxford Monday evening, the training director, Mrs. Donald Fair, announced today.

She added that the session Monday, second in the series of Monday evening meetings of the 16-hour long training course, will be held at 7:30 o'clock, instead of 8, as had been originally scheduled.

Mrs. Ross Schwartz, president of the Adams County Girl Scout Council, and Mrs. Harry F. Miller, president of the Hanover Council, will outline the organization of county or area Girl Scout units to the 27 Scout leaders enrolled for the course which began Monday night.

May Enroll Monday

In addition to instruction on council organization next Monday, training will also be given on the Girl Scout ethical code, the uniform and official insignia, flag etiquette and the history of Girl Scouting.

At the opening session last Monday, ways in which leadership can develop the growth of troop members in management of their own affairs were discussed. Outlined also were the programs to be held during the eight-week course.

Mrs. Fair said leaders who may enroll Monday night at the session at the New Oxford United Church of Christ can still get credit for the full course by attending a makeup session.

Protest Premier's Visit In Prayers And Mourning

By THE ASSOCIATED PRESS
Up and down the land symbols of mourning are cropping up and prayerful services are being held as some Americans express their protest or concern over the visit of Soviet Premier Nikita Khrushchev.

But few of the demonstrations have personally touched the Soviet leader and they are generally quiet and solemn, not violent.

The American people appeared to be almost unanimously adhering to President Eisenhower's request for polite, courteous treatment of an important foreign visitor.

Not Much Anger

Many of the protests showed more imagination than anger.

A Hungarian refugee tried to put a black blindfold over the eyes of the Statue of Liberty, but the cloth dropped from the statue's crown was torn away by the wind.

TWO GHS BANDS START PEANUT SALE FRIDAY

Members of the Gettysburg Junior and Senior High School Bands will begin their annual peanut sale Friday, Director Robert Zeigler announced today.

Last year the bands sold nearly a ton and obtained a profit of approximately \$400 which was used toward purchase of uniforms and equipment.

The sale is sponsored by the Band Boosters Club with Director Zeigler and Donald Carver, Band Booster Club president, general chairmen for the sale.

The Junior High School band will hold a "kick-off parade" Thursday afternoon to help promote sale of the peanuts. A house to house canvass will be held Friday evening.

To Continue Next Week

Majorities and banner carriers will help the drive by selling peanuts on Lincoln Square Friday evening and Saturday.

In case of inclement weather or lack of time to complete the house to house canvass Friday evening, it will be continued Saturday.

All members of both bands will report in uniform at the high school at 5 o'clock Friday evening to be assigned as teams to cover the town.

Beginning Wednesday of next week peanuts will be sent out through the home rooms for sale in the rural areas. Persons wishing to purchase peanuts may contact any Junior or Senior High School student.

The peanuts are raw but blanched and are packaged to sell two packs for a dollar. Instructions for preparing the peanuts are on the packages.

SWOPE'S AERO WILL OBSERVE 20TH BIRTHDAY

Swope's Aero Atlantic Service Station, 150 Carlisle St., one of the oldest service stations in Gettysburg under family ownership since its establishment in 1939, will celebrate its 20th anniversary from Thursday through September 26, it was announced today by Julius H. Swope, proprietor.

During the anniversary period Swope patrons will receive ball-point pens, Halland tulip bulbs, or novelty puzzles for the youngsters. In addition patrons can register for five grand prizes to be awarded at a drawing at 9 a.m.

Premier Hints USA, Russia Are Too Strong To Quarrel

By WILLIAM L. RYAN

WASHINGTON (AP) — Nikita Khrushchev, earnestly pushing the theme that a Soviet-American quarrel must be avoided to avert world calamity, faces newsmen and the nation today to expound his beliefs.

A give-and-take interrogation on outstanding cold war issues follows a major address by the Soviet Premier to a luncheon of the National Press Club, the Women's National Press Club and the Overseas Writers.

All television networks arranged to carry both the address and the interrogation which were to follow a morning tour of the agricultural research farm at nearby Beltsville, Md.

Too Strong To Quarrel

Khrushchev dropped a hint of his primary theme Tuesday night. In an exchange of toasts with President Eisenhower during a White House state dinner, the Soviet leader noted that the United States and the U.S.S.R. are too strong to permit quarreling between them.

He added: "If we were weak countries, then it would be another matter, because when the weak quarrel, they are just scratching each other's faces and it takes just a couple of days for a cosmetician and everything comes out right again. But, if we quarrel, then not only our countries can suffer colossal damage, but the other countries of the world will also be involved in a world shambles."

"Settle Differences"

This is the note the Soviet leader sounded long ago—that if the Soviet Union and the United States, as the two most powerful countries on earth, could settle their differences, the whole world's problems could be solved.

It was this idea, which apparently caused some suspicion among the United States' allies: that the two great nations might

come to an agreement at their expense. But Eisenhower has repeatedly emphasized, as he did in welcoming Khrushchev, that "we shall not be negotiating any issues affecting the interests of other countries."

Crowds Are Quiet

About 200,000 persons lined the streets to watch Khrushchev's entry into the nation's capital. The crowds generally were quiet, undemonstrative, sometimes even cold to the visitor although polite waves of clapping greeted him at times. There were a few boos, but no major disturbances.

No way did the reception approach the million-person outpouring for example, which greeted the visit of Queen Elizabeth of Britain in 1957.

The lack of public enthusiasm, however, appeared to have little effect upon Khrushchev. The 65-year-old, apparently indefatigable Communist leader topped his busy day with a bouncy performance at the White House dinner, a plush function attended by about 100 American and Soviet guests.

Louisville Family Aided By Red Cross

A Louisville, Ky., family stranded here without funds after motor trouble, was given a \$20 loan by the Red Cross office here Tuesday evening with the promise that the money will be returned when the family reaches home where the father operates a service station and car wash service.

The appeal for help, which was relayed to the Red Cross by state police here, reached the Red Cross chapter's board of directors while it was holding its September meeting in the American Legion building. The executive secretary, Mrs. Peggy P. Hill, met with the stranded family that included three of the couple's seven children.

The family was enroute home from the New England states where they had gone to attend the funeral of the father of the head of the Louisville family.

TWO ARE TREATED

Mrs. Joseph C. Carpenter, 49, 153 Hanover St., was treated Tuesday at the Warner Hospital for the removal of a splinter from her right middle finger which became imbedded while working at Hotel Gettysburg.

Guy Boyer, 46, 161 N. Stratton St., an employee of the Adams County Novelty Co., was treated Tuesday for a laceration of the end of the right thumb suffered while using a hand saw.

SCOUTERS TO MEET

The Black Walnut Boy Scout District Commissioners will meet this evening at 8 o'clock at the engine house, District Commissioner Rex Maddox announced today. Plans for programs during the next six months will be discussed and arrangements will be made for the district "Round Tables" to be held September 29 at 7:30 o'clock at the American Legion home.

BOOKMOBILE MAKES FIRST OF FALL TRIPS

The Adams County Free Library's Bookmobile Tuesday made its first trip of the fall and winter season to the school and book stations through the county.

It visited the Bonneville book station, St. Joseph's Catholic School of Bonneville, Abbottstown, East Berlin Elementary School, East Berlin High School, and the Cross Keys home. It will make similar visits to those places again on October 6, November 3, December 1, January 5, February 2, March 1, April 5, and May 3.

Thursday it will visit Franklin Twp. Consolidated School, the Piney Mountain Home of the Aged, the home of Mrs. Patrick Barclay, Bushman Station, Strasburg's, and the Arentsville Elementary School returning to those stations on October 8, November 5, December 3, January 7, February 4, March 3, April 7 and May 5.

Trips Next Week

Tuesday it will visit the Ottanna School, Fairfield Elementary, Fairfield High School and Fairfield Station, with return trips on October 13, November 10, December 8, January 12, February 9, March 8, April 12 and May 10.

Wednesday, September 23, the bookmobile will visit Biglerville Elementary School, Idaville School, Tyson Station, Bendersville Elementary, Biglerville Station and the Adams County Home with return trips October 15, November 12, December 10, January 14, February 11, March 10, April 14 and May 12.

September 24 visits will be made to Littlestown Elementary, the Littlestown Junior and Senior High Schools and St. Aloysius Parochial School, Littlestown. The return trips will be made October 20, November 17, December 15, January 19, February 16, March 15, April 19 and May 17.

HOMEMAKERS GET POINTERS ON MEETINGS

"There is a need to encourage people to express themselves effectively and to the point," Charles Freeman, rural sociologist from Pennsylvania State University, told a group of homemaking leaders at their scheduling meeting Tuesday in the Adams Electric Co-operative building, N. Stratton St.

Mrs. Helen Tunison, extension home economist, was in charge of the meeting. She appointed Mrs. Emory Gitt, Littlestown, chairman, and Mrs. Howard Musselman, Fairfield, and Mrs. W. R. Thomas, Biglerville, as tour committee for the new season.

Free, an led a discussion among the 20 leaders on getting effective discussions at meetings. "Any discussion is an interaction between people and personalities," he said.

Club room in Gettysburg to organize the Albert J. Lentz Post of the American Legion here. He served the Legion in numerous capacities during the intervening years including the post of commander. For the last decade or more he had been chairman of the American Legion committee of the Post and had arranged the annual Armistice Day (Veterans' Day) exercises at Gettysburg High School.

As chairman of the American Legion Memorial Day, committee he served as vice chairman of the community Memorial Day committee for the last 15 years.

Served In Many Areas

He was the local chairman of arrangements for the National Veterans Day program held by the national American Legion in the National Cemetery here several years ago, and served on numerous state American Legion committees.

He was one of the advisors for the Junior Legion Drum Corps here prior to World War II. As a boy he was invited by the GAR to serve as one of those who provided the roll of drums for its (Continued On Page 5)

HOLD CHEST KICKOFF MEET TUESDAY NIGHT

"You came here tonight because you have an intelligent sense of deep responsibility to your community," said the Rev. Robert W. Roschy, Carlisle, Tuesday night at a "kick-off" meeting for solicitors of the special gifts division of the Gettysburg Community Chest. The meeting was held in the show room of the Gettysburg Furniture Co.

Some 48 workers will participate in the large gifts phase which begins Monday and ends October 3, it was announced by Gordon Webster, special gifts division chairman.

William A. Lentz, Chest president, welcomed the solicitors, Dean Seymour B. Dunn, 1959 campaign chairman, described how the special gifts division fits into the overall campaign.

Ernest R. Tobin, Harrisburg, regional director of the Pennsylvania United Fund, also attended the meeting. The PUF and six Adams County agencies are supported by the Gettysburg Chest.

Sense of Responsibility

"To have a good community requires an intelligent sense of responsibility," Rev. Roschy said. He is a former chairman of Carlisle's Community Chest and minister to the First United Church of Christ there.

"In our communities we must change our psychology from the concept of 'charity' and 'well.' No longer should we think of the Community Chest as a handout where we throw a dime or a quarter to a less fortunate individual.

"You can in no sense think of your child's taking a book from the library, or joining the Scouts or attending the YWCA as 'charity.' The agencies supported by the Chest are legitimate, rightful, responsible forces in the community. You give because you have an intelligent sense of responsibility.

"This is the 'rent we pay' if we want decent communities for our children to grow up in. You are laying your hands on a job that needs to be done," Rev. Roschy told the solicitors.

LIONS TO HELP INDIA PROJECT

Fairfield Lions Tuesday evening began collection of used eyeglasses, frames or lenses to be sent to India to aid an eye surgeon there as part of a Lions district project.

The Fairfield club met Tuesday evening for their last outdoor session of the season at the home of B. E. Benner with President Glenn Shiner presiding. Thirty-two Lions and guests attended.

There was a talk by Clarence Wilson, chairman of the club's sight conversation committee, on the committee's work among residents of the community with serious sight handicaps. He described the functions of the committee and said that since new officers took over July 1, one new pair of glasses has been furnished and two other cases are pending.

A letter was read from an official at Beacon Lodge, the state Lions' camp for the blind near Somerset, asking help for Dr. Modi, an eye surgeon and Lions' district governor from India. The Lions of District 14C have promised 50,000 glasses and frames for Dr. Modi's work.

The Fairfield Lions will meet next at the Lutheran Parish house in Fairfield on October 6. Gifts of glasses may be made to any member of the Fairfield club.

UNICEF Board Plans Trick, Treat

The executive board of UNICEF met Tuesday evening at the YWCA with Dr. Jacob Heikkinen, president, presiding.

Mrs. Donald Horst presented a report on the trick or treat program for Halloween. The local chairman for the program are: Mrs. John Stahl, and Mrs. Sterling Musselman, Gettysburg; Mrs. John Brown, Biglerville; Mrs. Donald Bowser, Littlestown; Miss Laura Estep, New Oxford; Mrs. Robert Reindollar, Fairfield; Mrs. Dale Clark, Bendersville; Miss Charlotte Hartzell, Club, York Springs; Arthur Wolff, Conewago Township; and Mrs. Robert Baltzley, Cashtown-McKnightstown.

Three films will be available for schools and clubs on trick or treat. They are entitled "Trick or Treat," "Gift to Grow On" narrated by Gary Moore, and "Three of Our Children" narrated by James Mason.

On November 1 UNICEF Christmas cards and note paper will be on sale throughout the county. Mrs. William Coradetti and Mrs. Howard Shoemaker will be the chairman.

Six Killed In Blast At Houston, Tex., School

HOUSTON (AP)—"A man walks across the street with a bomb and kills children."

W. S. Hawes had just identified the body of his only son.

William S. Hawes Jr., 7, was one of six persons killed when a man pushed a button and blew up a suitcase of explosives Tuesday on the playground at Edgar Allen Poe Elementary School.

18 In Hospital

Paul Harold Orgeron, 47, pressed the doorbell type button minutes after enrolling his red-haired son, Dusty Paul, 7, in the school.

In addition to young Hawes, the blast killed Orgeron, Dusty, another pupil, a teacher and a custodian.

The 18 persons hospitalized included the principal, Mrs. R. E. Doty, 64. Four children remain in critical condition. Several are in serious condition with leg amputations and internal injuries.

William Hawes and John Cecil Fitch Jr., 8, died as they ran ahead of the class when they were released for recess.

Jennie Kolter, 54, a second-grade teacher, and James Montgomery, 56, school custodian, died while aiding Mrs. Doty in trying to persuade Orgeron to leave the school grounds.

Two incoherent notes were found on the playground but police and the FBI could find no ap-

BENSON TELLS PREMIER ABOUT YANK FARMING

By OVID A. MARTIN

BELTSVILLE, Md. (AP)—Secretary of Agriculture Ezra Taft Benson told the head man of world communism today that capitalism helped American farmers develop an agriculture "unequaled anywhere in the world."

Benson made the remark in welcoming Soviet Premier Nikita Khrushchev to the Agriculture Department's huge experimental center here.

Khrushchev has laid heavy emphasis on agricultural development, Communist style, in his own country, and has boasted the Soviet Union will provide its people with a diet above the high American standard. He made this farm science center the first item on the look-see part of his American visit.

Benson was on hand when Khrushchev arrived at 9:40 a.m. to take him on a tour and show him how America does it.

The Soviet visitor was accompanied by his wife on the 40-minute drive here from the government guest house in Washington where they are quartered.

Also in their sleek black limousine was Henry Cabot Lodge, U.S. ambassador to the United Nations whom President Eisenhower has assigned to guide Khrushchev on his travels.

The premier, hat in hand, shook hands jovially with Benson and posed for photographers. He smiled and waved his hands.

OKAY COUNTY HOME PROJECT

Two appeals from assessments were scheduled to be heard this afternoon as a result of 344 changes made in assessments in the county during the last year, the Adams County Commissioners announced at their meeting this morning at the court house.

A letter was received this morning by the commissioners from Craig H. Fluett, director of the state Bureau of Hospital Survey and Construction, stating that "Project No. 406," the proposed Adams County Home, has been approved by the State Department of Public Welfare and the U. S. Public Health Service.

While approval is given to the project, according to the letter, some slight changes still must be made in the plans for the proposed new county home building which will be largely an infirmary of some 60 beds.

The letter stated that the departments are "working with" the architect on the proposed changes in plans which will be completed in the near future.

Final approval is needed before the commissioners can submit the proposal for a new county home to the county courts for final approval or disapproval of the project.

WILL NOT DINE WITH PREMIER

NEW YORK (AP)—Harry S. Truman said today he has declined an invitation to attend a reception for Soviet Premier Nikita Khrushchev. Reason: He's got a date to dine with his daughter and son-in-law.

The former Democratic president told reporters of his decision as he strode briskly around Manhattan's East Side on his morning constitutional. Truman came here Monday for a visit to his daughter, Margaret, and her husband, newspaperman Clifton Daniel.

Truman said former New York Gov. W. Averell Harriman had invited him to the Khrushchev reception at Harriman's town house.

When asked if he couldn't get out of his prior dinner engagement with the Daniels, Truman replied, "No, I could not."

"Was it because you don't want to get out of the engagement?" asked a reporter.

Grinning broadly, Truman replied: "That's probable."

WASHINGTON (AP)—The Democratic National Committee today adopted a 1960 convention rule designed to lessen chances of a Southern revolt against the convention nominees.

Surprisingly, the action was taken without debate.

The rule is the same one adopted in the 1956 convention. It provides that states in sending delegates to the convention undertake to assure that voters of the state will have a chance to ballot for the convention nominees, and that electors will be named who are pledged formally or in good conscience to the convention candidates.

FAIL TO INDICT PUERTO RICAN IN KNIFE CASE

The September grand jury in Cumberland County Criminal Court, Carlisle, Tuesday refused to indict a Puerto Rican farm laborer on three charges of assault brought by a Gardner R. D. farmer and placed the costs in the three cases on the farmer.

Arrested August 8 on the farm of Lester Starnier where he was employed along with other migrant workers, the defendant, Jacinto Maldonado, 37, was accused of drawing a knife and cutting Starnier's son, Terrance, during an argument. Officially Maldonado was charged with aggravated assault and battery with intent to maim and simple assault and battery.

The alleged offense took place on August 8 and Maldonado had a hearing two days later in the county jail. He had been in jail since his arrest August 8.

Released Monday afternoon, Maldonado was taken to Chambersburg by the Rev. Elias Chegwinn, a Protestant minister from Colombia, South America, who is the migrant pastor serving in a religious and recreational capacity for the 543 Puerto Ricans employed on farms in Franklin County.

The South American pastor got into the case when, while on a visit to the migrant pastor in Adams County, the Rev. Manuel Rodriguez, in Gettysburg, the sheriff at Carlisle called the Adams County chaplain concerning Maldonado.

The Rev. Mr. Chegwinn was told of the case and went to Carlisle to find a job for Maldonado in Franklin County.

"I will take him to my home in Chambersburg tonight and by tomorrow at 7 he'll have another job," the South American clergyman told the prison officials at Carlisle. The Rev. Mr. Chegwinn is in the employ of the United Churches of Christ in America, he explained.

Constitution Week Is Proclaimed

Burgess Wilbur L. Plank today asked Gettysburg to fly flags through Sept. 23 in observance of Constitution Week.

Thursday marks the 172nd anniversary of the adoption of the Constitution of the United States by the Constitutional Convention, according to a proclamation on Constitution Week by the burgess.

The proclamation, following that of President Eisenhower which nationally proclaimed the week, urges "all our citizens to pay special attention during the week to our federal constitution and the advantages of American citizenship."

DENTISTS OUST SOVIET HEAD FROM WALDORF

NEW YORK (AP)—New York City was all set to fete Nikita Khrushchev at the plush Waldorf-Astoria ballroom—until 832 firm-jawed dentists lowered the boom.

But what about the menus, gasped flustered officials? And the guest lists? And the security arrangements?

Tough luck, said the dentists. No Cordiality

Now the Soviet premier, city officials and 1,000 other luminaries who looked forward to the Waldorf luncheon Thursday will have to go elsewhere.

Neither veiled pressures nor appeals to civic virtue could budge the American Dental Assn.

They had booked the Waldorf's grand ballroom four years ago for their convention, they declared, and they weren't moving for anybody—not even Mr. K.

Just Convenience

It wasn't a question of politics, they said, simply convenience. The whole squabble "could have been prevented by proper planning," said Dr. Percy T. Phillips, ADA president.

The Khrushchev luncheon was transferred Monday from the Waldorf to the ballroom of the Commodore Hotel, nine blocks away.

The menu will be the same, but the guests will be a bit more crowded and the elaborate security precautions will have to be rearranged.

POCKET VETO

WASHINGTON (AP)—President Eisenhower today killed by pocket veto a bill to create a coal research and development commission.

In a memorandum of disapproval, Eisenhower said the bill would dilute the Interior Department's responsibility and that such a commission "could only be a blurring of lines of governmental responsibility in this important area of concern."

NEW YORKERS PLAN VISIT

Residents of Jamestown, N. Y., will be visiting ground where their forefathers fought October 10 when they come to Gettysburg on a tour arranged by the Jamestown Sun.

Half of Page 11 of the Jamestown daily newspaper was devoted to Gettysburg September 12. A picture from Lane Studios, Gettysburg, showed the scene at Little Round Top. The accompanying story based on information provided by the Gettysburg Travel Council, gave details of the battle occurring on the afternoon of July 2, 1863, on Little Round Top in which the 140th New York Infantry helped "plug the line" preventing the Confederates from sweeping the Union troops off Little Round Top and thus keeping a commanding position from which they could have fired on almost the entire Union line.

The 140th New York Infantry was organized at Jamestown and its marker here is located along Sykes Ave. on Little Round Top. It is one of 129 monuments to New York outfits on the battlefield. The article notes that New York provided 70 infantry regiments, seven cavalry regiments

SWOPE'S AERO

(Continued From Page 1)

Swope's Aero Atlantic Service was opened on August 1, 1939, by S. Franklin Swope, father of Julius Swope, the present owner who worked with his father until he entered the Navy in 1942. At that time the station had four employees compared with the seven men who now help the younger Swope. After four years divided between the European Theater and the Pacific, Julius Swope, who had won four battle stars serving with the amphibious forces aboard an LST, returned to the business.

In 1948 the elder Swope retired and Julius took over the operation. Since then business has grown to the point where the station now pumps three times as much gas as previously. A fleet of three service trucks, including a wrecker, are also part of the service now.

Proud Of Service

Swope is proud of the excellence and promptness of his service

and 15 batteries of artillery to the Union Army at Gettysburg. The contingent plans to stay overnight at the Hotel Gettysburg, leaving from here for a visit to Valley Forge.

Committees Of Sorority Named

Committees were announced by the president, Jo Ann Griest, at the initial meeting of the fall season Monday evening of the Xi Alpha Chi chapter of Beta Sigma Phi. The group met for a picnic at the National Museum park, then adjourned for a business session at the home of Miss Mary Lou Kranias.

Committees named were: Program, Helen Spangler and Nicky George; ways and means, Phyllis Hess and Selena Chritzman, co-chairmen, Patricia McCarthy, Doris Hann, Eileen Baldwin and Mary Ann George; social, Edith Riley, Florence Sterner, Mary Lou Kranias, Mary Degnan, Helen Emanuel and Grace Myers; service, Jackie Uber and Doris Smith; membership, Mae Kuhn.

Plans were made for resumption of weekly activities of the Girls Bowling League on the Upper Adams Lanes.

Vice president Mae Kuhn reported plans for the pledging of new members.

Helen Spangler was in charge of the cultural program entitled "On Being Alive" and announced that the programs during the year will be based on the theme, "Written In Our Hearts."

The next meeting will be held September 28 at the Tumbling Run Lodge on Big Flat.

problems of groups, he pointed out. Maintenance involves programming to keep up enthusiasm and interest in the group.

"A sound group has methods of spreading leadership functions and adequate means for people to express themselves," he added. To illustrate his points, he demonstrated the use of brain storming, buzz sessions and panel discussions. He concluded with some pointers for chairmen.

A number of future activities and training meetings were announced and discussed. They are:

Indoor Planting

A local leader meeting on how to plan and plant indoor dish gardens and terrariums, to be conducted September 29 by Mrs. Lynn B. Smith, Penn State specialist.

A leader training meeting on Danish festive foods to be used during the Christmas season on a date to be scheduled and a training meeting February 5 on using low cost proteins.

Training meetings September 25 and October 2 and 16 for leaders on the project of refinishing furniture and another meeting January 7 on selecting and combining colors, preparing materials and braiding a rug.

Local meetings in six categories were suggested. They are:

Horticulture, meeting in November to work on dish gardens and other indoor planting.

Child development and family life, meeting in January to study stress and tension as part of everyday living, to learn how to live with it and handle it.

Food nutrition and health, a county-wide meeting in November on knowing meat, how cuts are made from a carcass and how to prepare and select meats; local meetings on Danish festive foods in advance of Christmas, and later local meetings on what to eat for meat with emphasis on the importance of protein in diet and discussion of cost serving of protein-rich foods.

Clothing and textiles, a meeting on line in dress sometime after September followed by construction classes in wool skirts and the quality dress. In the former, beginners' tailoring techniques will be used to make a skirt in three meetings, the latter will be an advanced sewing class using rayon, silk, wool or dacron with use of interfacing and fine finishes featured.

Home management, meetings on four subjects, time and energy-saving kitchens, care and selection of carpets and rugs, home methods of stain removal and selection of laundry supplies.

Home furnishings, meetings on value of color, refinishing furniture, pictures in the home and braided rugs.

Twenty Groups

There 20 homemaking groups in the county, 16 of which were represented at the meeting Tuesday. Those present, their addresses and the groups they represented were: Mrs. Howard Schwartz, Littlestown R. 1, Barlow; Mrs. H. C. YW ENGAGES NEW EMPLOYEE

At a meeting the YWCA board of directors Monday afternoon Mrs. Harold Dunkelberger, personnel chairman, announced that Mrs. Lester Rudisill has been engaged to do secretarial and Y-Teen work. The Y-Teen activities will begin September 28.

The board meeting was opened by Mrs. Paul L. Reaser, president, with a reading of the poem, "I Will Not Hurry Through This Day." Mrs. Luther McDonnell conducted the devotions. Mrs. Fred G. Pfeffer announced 147 new members during June and July.

There has been a change in hours for the YWCA. It will now open at 9 a.m. instead of 8 a.m. The board accepted the resignation of Mrs. Glenn Weiland, volunteer personnel chairman, due to accepting a position in the college library, and Mrs. Edwards Buehler, part-time staff chairman personnel committee, due to the completion of her work.

Mrs. Howard Musselman, Orttanna, was elected to succeed Mrs. Weiland as a board member and chairman of volunteer personnel chairman.

Mrs. Raymond Sorrick was appointed representative to the Adams County Council of Community Services and the board voted to cooperate with the council in compiling a service club directory.

The program committee announced that open house will be held October 22 from 3 to 5 p.m. and 7 to 9 p.m. Mrs. Frank Hewitson and Mrs. Robert Wills and their committees will be in charge of the event. The hostesses will be members of the board and club members.

The next meeting will be held Monday evening, October 12.

3 American Airmen On Premier's Plane

WASHINGTON (AP) — Three American airmen technically took over control of Soviet Premier Nikita Khrushchev's plane Tuesday.

The three boarded the plane in Moscow for the nonstop flight, just as three Soviet fliers boarded the American jet which flew to Moscow with Vice President Richard M. Nixon in July.

The American pilot is Capt. Harold Renegar, the navigator Capt. George Bohichik and the radio operator Sgt. Gaylor Robinson.

SEVENTY-FIVE YEARS AGO

Senator Rice Is Engaged To Wed, November: The engagement of Miss G. Luene Rogers, daughter of Mr. and Mrs. Howard C. Rogers, of North Troy, New York, to State Senator John S. Rice of Arendtsville was announced Saturday afternoon at a tea at the home of Miss Rogers.

Three Men Narrowly Escape Drowning As White Run Overflows: The muddy waters of White Run, stirred by heavy rains this week that reached their peak Friday evening and swelled the little stream to a new high level, roared along a course that almost spelled death for three persons.

At the same spot where White Run crosses the Baltimore pike, four miles south of Gettysburg and where one woman was swept to her death in the raging torrent of the swollen creek slightly more than a year ago, three men in two cars were almost drowned Friday evening.

The heroic efforts of rescue workers saved two men from being swept into the raging and overflowing stream while trapped in a coupe and one man in a sedan.

John Hazelhurst, of Baltimore, was saved by Amos King and an unknown Littlestown man who went to Hazelhurst's rescue with a large truck and quantity of rope.

Charles Harner, Two Taverns, hurled a rope to rescue Alexander Cole, Seminary street, local manager of the Standard Oil company, and Jack Lamont, who resides at the swimming pool along the Baltimore road when their car became enmeshed in the flood.

A total of 2.8 inches of rain fell during the night sending streams in the area to record heights.

Fair Resumes After 3 Days Heavy Rain: The South Mountain Fair goes on.

The first entertainment performance since Tuesday evening went on Saturday afternoon after three days of inclement weather had forced cessation of activities at the Arendtsville Union Park.

The full exposition is carrying on today and Tuesday, closing at midnight Tuesday night.

Remodeling Of Two Churches Is Nearing Completion Here:

Improvements to two Gettysburg churches — Trinity Evangelical and Reformed, corner of South Stratton and East High streets, and Prince of Peace Episcopal, corner of Baltimore and West High streets — are now underway.

The remodeling work at the Reformed church, which has been going on since the second week in July, will be completed in about another week, according to the Rev. Howard S. Fox. The improvements at the Episcopal church will not be finished until about the middle of October, the Reverend A. A. Hughes, rector, said.

At Trinity Reformed church where about \$3,000 is being spent on improvements, the cellar was enlarged to accommodate a large coal bin and the organ belfry. A new vapor system furnace also was installed and radiators in the church auditorium were enclosed. The floor of the primary room was lowered and the room was enlarged by straightening a rear stairway to the auditorium.

At Prince of Peace a new heating system is being installed, a new concrete walk is being laid around the church and the cellar was excavated under the parish house to provide a large basement for young people's activities.

Gilbert Forced To Quit Post As Football Coach: "Charley" Gilbert, star short stop of the St. Louis Cardinals baseball team, has resigned his position as freshman coach of football at Gettysburg college.

In a letter to C. E. Bihmeier, athletics director, Gilbert said

Today's Talk

ON FORGIVING
I believe in forgiving when such an opportunity arrives. Why should any of us keep holding a grudge when a simple word can change everything? I recall when I first came across that saying, "To err is human; to forgive, divine." Christ, when in agony, cried: "Father, forgive them; for they know not what they do."

When we injure another's feelings we should be quick to ask forgiveness. Suddenly the very atmosphere is changed, and a hurt heart immediately is healed! It's that simple. There is enough unhappiness already in the world without adding to it. I read somewhere that if we cannot be gentle, at least we can be quiet! And I might add that we should take the first opportunity to forgive. Nothing could be nobler.

Nothing could be sadder than to go around with a wounded heart. You don't need a doctor to cure a wounded heart! God—and yourself—can do it silently and perfectly. It's always good news, but its story will not be discovered on the front page!

I once received a letter from a man in New Jersey who said he and his brother quarreled on their way home from Europe and he felt very bad, as he loved his brother. He asked me to write something to heal that hurt. I did, and the quarrel was over—they became happy brothers again! It is always so simple to forgive and forget. You can put a lot of good thoughts on a clean slate! And oh, how this world needs them!

Tomorrow Mr. Adams will talk on the subject: "Going and Coming."

Just Folks

WHY HE'S CONTENTED

The joys that money cannot buy
Are joys that I possess:
The laughter in my baby's eye,
His mother's gentleness;
A little home that's free from strife,

And good friends everywhere;
With little pleasures through my life
To pay for all its care.

My roses bloom the same as though
I had a store of wealth.

I'm sure no millionaire can know
Than I much better health.

No better books could I select
Than those that now are mine;

Had I the gold that banks protect
It would not change a line.

'Tis true I might wear finer dress,
On costlier viands dine,
But all that makes for happiness
I find today is mine.

So while my home is crowned
By love
And I've good books to read,
No millionaire I'm envious of;
I guess I've all I need.

Peach Trees Bear Second Fruit Crop: Ira D. Pitzer, Biglerville R. 1, today was offering a second crop of Hale peaches at curb market. The peaches grew on the same trees which bore unusually large fruit earlier in the season.

The second crop fruit is considerably smaller than its predecessors, but the peaches are unusually sweet. Mr. Pitzer said this is the first time within his memory that his trees have borne two crops of peaches in the same season.

M. F. COULSON SPEAKER FOR ROTARY CLUB

M. Francis Coulson, assistant superintendent of schools in Adams County, was the guest speaker at the weekly dinner meeting of the Littlestown Rotary Club on Tuesday at 6:15 o'clock at Schottie's Hotel. Mr. Coulson spoke on "The Advantages and Disadvantages of a Merged School System." The speaker was introduced by Paul E. King, a member of the club service committee, and supervising principal of the Littlestown Joint School System. One visitor, Harold Reuning, Gettysburg, was introduced. The Rotary information committee, Stanley B. Stover, chairman, will be in charge of the club meeting next Tuesday.

The Friendship Circle Class of St. Paul's Lutheran Church held its quarterly meeting on Monday evening at the church. The program was in charge of Group One and included Psalm 121 read by Mrs. Walter Shryock; prayer, Mrs. Mahlon Bucher, class teacher. A report was given by Mrs. Clarence Mayers. It was decided to hold a food sale on Friday, Sept. 25. The class welcomed Mrs. Harry T. Harner as a new member. During the social hour, refreshments were served by Mrs. Paul Miller, Mrs. Arthur Dalton, Mrs. John P. McSherry, Mrs. Paul C. Worley, Mrs. Walter Shryock and Mrs. Clarence Mayers. The class will meet again Monday, December 7.

Plan Ladies' Night

A ladies' night meeting of the Littlestown Lions Club will be held on Thursday at 7 p.m. in the social hall of St. John's Lutheran Church. The program will be in charge of the convention committee, composed of Ralph E. Newman, Erwin A. Rebert and John N. Sell.

Lions are reminded to bring unused glasses along to the meeting to be turned over to be sent to Dr. Modi in India for the 8,000,000 blind. Since 1943 more than 85,000 people have been helped as a result of free operations performed. Dr. Modi is a Lion District Governor in his native India. It is noted that the rubbish and disposal cans placed on the community streets by the Lions have been repainted.

GIVES SPOONS TO EISENHOWER

President Eisenhower recently was presented with a collection of 32 silver teaspoons, each featuring a different President and a significant event of his term in office, by Mrs. W. L. Crawford of Dillsburg.

The spoons, covering chief executives from George Washington to Franklin D. Roosevelt inclusive, were produced by the Rogers Silver Co. which discontinued the series during Roosevelt's term.

Each spoon features the face of its president engraved on the inside of the bowl, with the name carved along the handle. On the bowl's outside, a biographical of historical event is engraved. The President Washington spoon, for example, shows Mount Vernon, that of Lincoln, his Gettysburg address in full, and that of Theodore Roosevelt, a picture of the Panama Canal.

Mrs. Emily Crawford, the wife of Dr. W. L. Crawford, is a native of Adams County and a longtime resident of York County. She first met President Eisenhower when he was stationed at Camp Colt in Gettysburg during World War I. Mrs. Crawford was supervisor of nurses at Harrisburg Hospital and helped minister to several of Ike's soldiers who had been injured when a heavy storm blew over tents in the camp.

Mrs. Crawford organized the Red Cross in Dillsburg and was the first captain of the York County Cancer Society. In both World Wars she was active in collecting clothing for Europe, and currently is a leader in the "Meals for Millions" fund drive.

Chisox Beat Yankees 4-3 As Cleveland Bows Before Bosox; Title About Settled

He won't admit it, of course, but the only real problem Manager Al Lopez of the Chicago White Sox has today is a choice between Early Wynn and Billy Pierce as his opening game pitcher in the World Series.

Lopez, chairman of the board when it comes to nice guy managers, insists that there are a number of worries to be taken care of before he starts thinking about the series. But with his Sox 5½ games ahead and their magic number reduced to four with eight games to play in pursuit of their first American League pennant in 40 years, what problems he claims are imaginary.

Bosox Nip Tribe
Still, he was a limp—but happy—manager after his Sox kept down what comes naturally with a 4-3 victory over the New York Yankees Tuesday. He was less limp and even more happy a few hours later when Boston knocked off second place Cleveland 1-0.

Who the White Sox will meet when the series opens in Comiskey Park September 30 is still anybody's guess. The National League race could bust wide open with the two-game series opening at San Francisco today between the first-place Giants and the Milwaukee Braves.

In the other AL games, Baltimore defeated Detroit 2-1 in 11 innings and Washington split a two-night pair with Kansas City, the Senators winning the opener 1-0 behind Camilo Pascual's three-hitter, then losing 6-2.

Pierce Beats Yanks
Pierce (14-13) beat the Yanks a fourth time Tuesday, although he gave way in the eighth inning—after holding the ex-champs hitless following the first of Mickey Mantle's two home runs in the first inning.

Boston beat the Indians, who have lost three of their last four and five of their last seven, with a ninth-inning run as Tom Brewer (10-11) out-duelled Jim (Mudcat) Grant (9-7). Each allowed six hits.

Frank Malzone's single brought the run in after a leadoff single by Pete Runnels and a sacrifice by ex-Injun Gary Geiger.

annual Memorial ritual. He continued with that duty through the years, serving for the Sons of Union Veterans when they took over the GAR service.

For many years he was a judge of the annual Battle Anniversary parade here. For several years after World War II he served as county chairman of a campaign which raised several hundred dollars each year for support of Radio Free Europe.

An Honor Guard Founder
He was active in Civil Defense during and following World War II. With the late Wilbur J. Stallsmith he helped establish the county's first spotter station atop the First National Bank building during World War II, and served later as its chief observer. During World War II he also served in the Coast Guard reserve at Baltimore.

He was one of the founders of the honor guard of the Albert J. Lentz post of the American Legion and as such participated in numerous patriotic programs and military funerals in the community.

He was active also in the 40 and 8, was a past president of the Lentz America Legion post, a member of the Sons of Union Veterans and the Gettysburg Odd Fellows of which he was a past grand.

Ex-County Players On Opposing Teams

Two Adams County boys will be on opposing football squads when George Washington University of Washington, D. C., opposes the University of Detroit Friday evening at Detroit.

Al Snyder, former Littlestown High School star, is a center on the George Washington squad. He missed a year of action because of an injury.

Larry Hockensmith, New Oxford, former Delone standout, is a quarterback on the Detroit outfit.

Another well-known area player, Emerson Dromgold, Boiling Springs, is scheduled for second-team duty at guard for Detroit.

A total of 33 Pennsylvania boys are on the squads of the schools.

DISPUTE OVER UMP DECISION SENT TO GILES

By CHARLES MAHER
Associated Press Sports Writer
LOS ANGELES (AP)—The Los Angeles Dodgers, hanging in there two games out of first place, run into some second-division competition tonight.

But the prospect is not likely to bring them much relief. The adversaries are the Cincinnati Reds, a fifth-place club which has whipped the Dodgers 12 times this season and lost only 8.

Left-hander Jim O'Toole (5-8) starts for Cincinnati against another southpaw, Sandy Koufax (8-5).

Tied For Second
The Dodgers moved back into a second-place tie with the Milwaukee Braves Tuesday by beating them 8-7 on a 10th-inning bases-loaded walk by reliever Don McMahon.

But Milwaukee Manager Fred Haney still doesn't think he lost the game. He contends a fifth-inning hit by Joe Adcock should have been a home run and he's appealing the umpires' decision that it was a double.

"I don't say we'd have been out of it if we'd lost that one," said Dodger Manager Walt Alston. "We won't quit until it's over. But, if we had lost, we'd have to depend on somebody else to beat San Francisco. And we'd have to get a winning streak going. That's a pretty big order."

Protest Decision
The ball Adcock hit in the fifth apparently struck a tower supporting the right side of the left field screen. It became lodged in the screen and didn't come down until some youngsters shook the wire.

When the ball finally did come down, it fell into the stands. Haney said this meant it was in back of the screen, not stuck in the front of it, and consequently it should be a homer.

Haney filed a protest. If it were allowed, the game would have to be played over from the start.

SPRINGFIELD WINS EASTERN

WILLIAMSPORT, Pa. (AP)—The Springfield Giants, with the Eastern League Governor's Cup tucked away alongside the pennant in their trophy case, suddenly feel like the old man who had all the troubles that never happened.

The Cinderella Giants sweated, they worried, but most of all they hustled to grab off all the honors, defeating Williamsport 4-3 Tuesday night to take the best-of-five final playoff series 3-1.

And now all the tension is gone. As they say in the baseball circles, it's all over but the shouting and celebrating.

Springfield scored what proved to be the winning run in the ninth on Don Strickie's single. Bob Farley led the Giants' 13-hit attack with a double and two singles in three trips and two runs batted in.

The Giants were coasting in on a 4-1 lead behind Jim Duffalo until the ninth when Williamsport gave them a scare with two runs on a double by John Easton and singles by Fred Hopke and Fred Van Dusen. But Duffalo, gave up a total of six hits and struck out seven, retired the next three batters to end the game.

UNIVERSITY PARK, Pa. (AP)—Passing could be the fly in the ointment for Penn State's Nittany Lions this season.

That was the gist of coach Rip Engle's appraisal Tuesday at the end of another drill in preparation for Saturday's football opener against Missouri.

Engle liked the work of his defensive unit. He described the drill as the best yet, but he voiced disappointment over his pass receivers' performance. Passing was one of the Lions' problems last year, too.

DILLON, Colo. (AP)—Light snow fell on 11,992-foot Loveland Pass for several hours Tuesday night, hampering visibility along U.S. Highway 6.

Furries also were reported atop Pikes Peak and other mountains above the 14,000-foot mark.

LOPEZ DOESN'T THINK OF FOE IN BIG SERIES

By JACK HAND
Associated Press Sports Writer
NEW YORK (AP)—If Al Lopez has any preference about his World Series opponent, you'll never find out from him.

One baseball author tried it Tuesday after his Chicago White Sox had won a 4-3 squeaker from the New York Yankees to inch closer to the pennant.

"How you going to pitch to Willie Mays?" he asked.

"Haven't given it a thought," said Lopez. "I really mean it. I haven't thought about any of them."

"Which team would you like to play, San Francisco, Los Angeles or Milwaukee?" the same fellow tried again.

"Win This Thing"
"All I'm worrying about is winning this thing," said the Chicago manager. "We've got Hollis Thurston looking at the Dodgers and Giants and Bill Norman scouting Milwaukee. When the time comes, if it does, we'll worry about things like that."

"You sweat this out, one game at a time. I'm not thinking about the National League. All I am worried about is tomorrow's game."

A visitor asked Lopez if he knew the "magic number" for clinching the pennant.

"All I know is that every time we win we get closer," he said. "Right now I feel a lot better than I did Monday."

Schedule 112 Cage Games For Eastern

ALLENSTOWN, Pa. (AP)—A 112-game schedule has been approved by representatives of the Eastern Basketball League.

At a meeting Tuesday night, the representatives also approved a revision in the playoff system.

The league will open Nov. 12 with Baltimore hosting Sunbury. Other opening games Nov. 14 pair Scranton at Williamsport, Hazleton at Allentown and Wilkes-Barre at Sunbury.

Easton opens Nov. 15 at Scranton.

The playoffs were revised so that the semifinal games will be single contests of sudden-death. The final will be the best of three.

WOULD EASE DEER PENALTY

HARRISBURG (AP)—Legislation to ease the three-year suspension period for hunters who illegally take deer has been introduced in the House.

Chairman Harris G. Breth (D-Clearfield) of the Game and Conservation Committee sponsored the measure Tuesday. It would permit the Game Commission to review these suspensions after one year.

Under the present law, he said, the Game Commission claims it has no discretion to shorten the suspension period.

Rep. Edwin W. Tompkins (R-Cameron) co-sponsored the proposal.

Breth's committee, meanwhile, approved new regulations for private, commercial fishing lakes.

The bill would impose a sliding scale of fees for licenses to operate these lakes, ranging from \$25 for a lake under five acres to \$75 for a lake 50 acres or more. It also would permit them to remain open year around.

SIAMESE TWIN 8 YEARS OLD

FERRIS, Ill. (AP)—Rodney Dee Brodie, separated from his head-joined twin brother shortly after birth, was 8 years old today. But he wasn't able to run or play games.

Early this year he broke both legs, and only within the last month has his frail 48-pound body been free of casts. Gradually, he is learning to walk again.

Rodney gathered his four sisters and brothers around a lighted birthday cake Tuesday but he couldn't stand up to blow out the candles. His face beamed as he tore open dozens of cards, many sent by well wishers who have read of his struggle.

He returned to school this month but was withdrawn because the rigors of classroom life were too much for him. The parents, Mr. and Mrs. Roy Brodie, hope a special teacher can be assigned to him at home.

Rodney is the first head-joined Siamese twin to survive separation. His brother, Roger Lee, died 34 days after the operation in 1951.

Shakeup By Rigney
Alarmed over the Giants' lack of base hits in recent days, Manager Bill Rigney shook up his lineup and his move paid immediate dividends. With Felipe Alou in right field and Jimmy Davenport at third base, the Giants smashed out of their hitting slump with eight runs in the first two innings. They massaged four Red Hurlers for 13 hits, including home runs by Daryl Spencer and Willie McCovey.

Little Maury Wills was the hero of the Dodgers' thrilling triumph. The light-hitting shortstop, who seems to have come up with a loaded bat, had a perfect 5-for-5 at the plate, scoring three runs and driving in another. He has 15 hits in his last 24 times at bat.

But he skirted any mention of the American League pennant race, in which his second place Indians now trail Chicago 5½ games with only a handful of games remaining.

He discussed beer and brandy and bad weather with the writers clustered around his desk in the subdued atmosphere of the dressing room.

His only comments on the pennant race came obliquely.

Hitters Have Failed
"Our pitchers have responded to the challenge of his stretch drive magnificently," he said. "But our hitters have failed us."

That was the story Tuesday night as Boston's Tom Brewer bested Jim (Mudcat) Grant 1-0. Each pitcher allowed only six hits.

But Cleveland was unable to get more than a single hit in any inning off Brewer, while Boston bunched two in the last of the ninth to hand the Indians a severe jolt in their uphill battle for the pennant.

Pete Runnels singled, moved to second on a sacrifice, and Frank Malzone delivered a one-out line single to left, scoring Runnels, to end the game.

BURDETTE TO OPPOSE JONES IN BIG GAME; RACE IS TIGHT

By JOE RIECHLER
Associated Press Sports Writer

The stage was set for the big series today as the National League's only 20-game winners, Milwaukee's Lew Burdette and San Francisco's Sam Jones, clashed in the first game of the season's most important two-game set.

The Giants, apparently free of their hitting doldrums, were comforted by the knowledge that even should the Braves knock them off in both games, the best Milwaukee could do is tie them for first place.

The Giants' lead today was two games, made possible by Tuesday's 13-6 conquest of Cincinnati coupled with Los Angeles' spectacular 8-7 comeback victory in 10 innings over the equally stubborn Braves.

Down To Wire
The only thing that seems safe to predict at this point is that the race will go right down to the wire. That means the last three clubs—Chicago, St. Louis and Philadelphia—will play a vital role in determining the eventual winner.

On the final weekend of the campaign, Sept. 25, 26, 27, the Giants will play at St. Louis, the Dodgers at Chicago and the Braves will be host to Philadelphia.

St. Louis defeated Philadelphia 6-4 in the other NL game. Cold weather postponed Pittsburgh at Chicago.

Gordon Wins Pa. Boxing Crown

PITTSBURGH (AP)—Bobby Gordon of Charleroi emerged from a hard-fought 12-round bloody but still owner of the Pennsylvania middleweight boxing title.

Gordon, 158, retained his title by winning a unanimous decision over Al Hauser, 160, of Philadelphia Tuesday night. The fight was staged on a barge at an amphitheater in Pittsburgh's Point State Park.

Gordon bled from the nose and mouth through most of the fight. Hauser was bleeding from a cut eye at the final bell.

In the 11th, Gordon had Hauser on the ropes but was unable to floor him. There were no knockdowns.

U. S. AMATEUR GOLF PLAY IN ITS THIRD DAY

By SKIPPER PATRICK
COLORADO SPRINGS, Colo. (AP)—It's work day for the champion, the congressman, and just plain Joe Hacker in the third day of activity in the 59th U.S. Amateur Golf tournament.

Defending champion Charley Coe of Oklahoma city and three former champs were among the 64 players entering the third round of the 7,010-yard, par 36-37 Broadmoor course in the shadow of the Rocky Mountains.

Two 18-hole rounds were on today's card.

Exchamps On Scene
Coe, who knocked out James Mallory, Spokane, Wash., 6 and 5, with a steady game, met capable Robert Batdorf II of Hershey, Pa., in the third round. Batdorf continued to play well in eliminating Louis Rosanova, Niles, Ill., 7 and 6 Tuesday.

Congressman Jack Westland of Everett, Wash., Harvey Ward Jr. of San Francisco, and Dick Chapman of Osterville, Mass., were the other former champs still on the scene.

Westland, who played 2-under-par golf in beating A. C. Burdick III of Baton Rouge, La., 6 and 5, had to go against the veteran Tom Draper of Royal Oak, Mich., in the third round.

Patton In Picture
Ward, who had considerable putter trouble before eliminating Joe Switzer, St. Louis, 3 and 2, was paired against Payne Palmer II, Phoenix.

Chapman, the 1940 amateur champion, met one of the more talented young players in John Konek of Buffalo, N.Y. Chapman needed 20 holes for a one-up victory over J. J. Donoghue Jr., Washington, D. C. Konek beat George Sarfield, Butte, Mont., 2 and 1.

Very much in the championship picture was Billy Joe Patton of Morgantown, N.C., who met C. L. Straughan Jr., Atlanta. Patton didn't have to call on his putting to oust Ken Finke, Tucson, Ariz., 2 and 1 Tuesday. His iron game had him close to the pin on most greens.

Former Grid Star Is Idle
By THE ASSOCIATED PRESS
Vito (Babe) Parilli, the former Kentucky star who was a prize grab for the National Football League pros in 1951, is out of a job.

He was cut by the Green Bay Packers Tuesday as all the NFL teams trimmed their rosters to 38 players. Two more must be cut by the opening games next week-end.

Parilli, who never had his "big year" while playing with the Packers, then the Cleveland Browns, and back with the Packers again, wasn't the only pro veteran to be cut.

The Baltimore Colts lopped off halfback Lenny Lyles, who was on their 1958 championship squad, and Detroit cut six-year veteran halfback Gene Gedman. Highly-touted rookies Bobby Newsome, the former Washington State quarterback who was San Francisco's No. 2 draft choice last winter, and 1957 All America tackle Bob Reifsnyder of the Los Angeles Rams via Navy were let go.

Sellout Crowds
All five games at tiny Seal Stadium with its 22,900 capacity while crew continue working at Candlestick Park to get it in shape for the World Series, should the Giants win.

A 13-hit attack including eight runs in the first two innings Tuesday snapped San Francisco out of a batting slump and brought a 13-6 victory over Cincinnati.

The triumph also boosted the Giants lead as Los Angeles nipped Milwaukee 8-7 in an extra inning to go into the second place tie.

The President's Message

AS we begin our 152nd academic year, no one should be more aware than you students of the high premium which the modern world places on education. You have been confronted with stiffened courses, more searching examinations, and more demanding requirements in almost every academic area than any generation before you. You are fully aware of the fierce competition in securing admission to college, a competition, by the way, which grows much more intense once you leave these halls to make your way in the world.

But I would ask you, as you begin your studies, to realize that your education here aims at development of the full man. We want you to apply yourselves as diligently as possible to your studies, but we expect you to strike a proper, sensible balance. We want you to leave Mount St. Mary's intelligent, forceful men, capable of carrying your weight in the world into which you go, equipped to render prompt, correct decisions. But we want you also to be deeply grounded in the civilizing arts, so that your world will be a better, more humane, less troubled one than the world we bequeath you.

As John Donne said long ago: "No man is an island entire of himself." You cannot insulate yourself from the problems of society either on the national or the community level. The pursuit of knowledge can be a frightening, sterile affair when it is entirely selfish or measured only by the salary it can command. For in the long view all knowledge and all accomplishment must still be measured by "love of God and one's neighbor." It is not only the "what we do" that matters, but the "why we do it."

Here at Mount St. Mary's we have won some measure of fame—though we are small, largely unheralded college—for our spirit. I would ask you to cultivate the Mountain spirit, for it is grounded on such details as working to the utmost level of your ability, on gentlemanly behavior, on eager cooperation with one another and your faculty, on the realization that above all we are children of God.

We will do our best to tax you to the limits of your capacity. We would ask you to respond with enthusiasm, to help one another, to keep always before you the long view—the needs of our world and the part you must play in it under the aegis of Christ and His Blessed Mother.

The President's Message

AS the Sesquicentennial year of Saint Joseph College draws to its close, it is gratifying to realize that the focus of each of our commemorative events was on womanhood. In tribute to our American foundress, Mother Elizabeth Ann Seton, and St. Louise de Marillac, co-founder with St. Vincent de Paul of all Daughters of Charity, St. Joseph's chose from today's world women of character, dignity, and accomplishment to honor publicly. In so doing, the administration has indicated to the present students of the college that the God-centered Catholic woman can also be happy, successful, attractive, and secure. Placement of the emphasis is the important factor.

Youth's dominant passions today are a love of pleasure, a yearning for success, and an overweening desire for security. Each in itself is not evil, but when carried to excess or sought for its own sake, life's purpose is obscured, if not entirely lost. From Mother Seton herself, from the galaxy of faculty and students of Saint Joseph's past heritage, from those who carry on our traditions today, we offer our students the challenge to dare to be different!

Seek success, yes, but seek it in accordance with God's will for you. Seek it, not at the expense of steadfastness to duty, but by accomplishing all things faithfully and to the best of your ability. Be happy, yes, but realize that happiness is costly. It is not attained by selfish pleasure-seeking, by disregard for the needs and wishes of others, by soft living. A happy heart comes up smiling when a sacrifice has been shouldered for love of God and neighbor, when a hard job has been faced and accomplished with determination, when someone else has been helped.

Plan for security, yes, but be sure that both soul and body share in those plans. Too often we lay the framework for financial ease, for that red car, that new split-level home and neglect to lay the foundations that are eternal. Thoughtful and prayerful consideration of Christ's own words furnish the proper focus: "What doth it profit a man if he gain the whole world and suffer the loss of his immortal soul?"

At St. Joseph's our faculty is dedicated to the task of orienting the student to life's purpose. Through the instrumentality of our faculty we hope to provide tomorrow's women with the means to offset the pitfalls and temptations to complacency and softness which infect our society. Education for its own sake is not alone our goal except as it provides a foundation for the wisdom and understanding essential to defeat the moral and spiritual degeneracy of God-less peoples and nations.

Mt. St. Mary's College Opens 152nd Year With Enrollment Of 700

Near Record Freshman Class Of 220 Boosts Enrollment; Msgr. Sheridan Pontificates

A near record crop of 220 freshmen brought enrollment at Mount St. Mary's College to 700 students as the 152nd academic year began with the traditional Mass of the Holy Ghost Tuesday morning, Rt. Rev. Msgr. John L. Sheridan, P.A., president of the college, celebrated the pontifical Mass and Rt. Rev. Msgr. George D. Mulcahy, rector of the Seminary, preached the sermon.

Because student enrollment overtaxes residence facilities, approximately 60 students are living off campus in approved quarters. Applications for the present freshman class ran to four times the number accepted, the heaviest application in the history of the college.

Six new staff members join the faculty for the fall term. Rev. John P. Whelan, Troy, N. Y., succeeds the Rev. Paul Redmond as dean of freshmen; Rev. Thomas G. Smith, Newark, N. J., has been appointed spiritual director of the Seminary; Robert Henault, who received his A.B. from the U. of Maryland in 1954 and his A.M. in 1956, will teach history. Joseph Broussard, B.B.A. Tulane, 1946, A.M., Catholic U., 1956, will teach philosophy. John Williams, York, an honor graduate of Mount St. Mary's, recently released from the Navy where he served as a jet pilot, will instruct in English; and Julian R. Greene, CPA, will join the business staff.

Academic Emphasis
Because of the nationwide problem which shows college dropouts are reaching a level between 40 and 50 per cent, the orientation program at the college Sept. 13-16 stressed the academic phases

of college life with intensive emphasis to insure enrollment of freshmen in courses of their interest and aptitude.

Complete guidance dossiers were also set up during the orientation recording past performance, testing results, domestic background, physical impairments, etc., to insure proper progress of the student. Classes were sectioned where possible according to testing results.

Following room assignments, registration procedures and a tour of the campus on Sept. 13, freshmen attended a general assembly where Msgr. John L. Sheridan and Rt. Rev. Msgr. William F. Culhane, vice president, greeted the newcomers and explained the history, aims and ideals of the college.

A battery of tests was given

morning and afternoon of Sept. 13-14 to determine scholastic aptitudes and for placement purposes. On Sept. 14, Rev. Francis P. Kearney, dean of studies, addressed a general assembly on the academic requirements of the college. Rev. Joseph B. Tremonti, C. S. V., director of Guidance and chairman of the Education department, outlined the services of the Guidance department, including remedial and speed reading, and emphasized the necessity of frequent student-faculty conferences.

Capt. W. C. Holmberg, USMC, discussed opportunities for commissions in the Marine Corps under the platoon leader program.

On Sept. 15 freshmen met with representatives of their major departments. Rev. Hugh J. Phillips, college chaplain, will explain religious opportunities and obligations at this evening's assembly.

and Rev. Philip J. Barrett, dean of men, will explain disciplinary regulations. Matthew McHugh, Brooklyn, N. Y., will explain student responsibilities and organize meetings with representatives of student organizations.

A joint social program was a feature of orientation, with two dances scheduled at St. Joseph College.

The freshman class represents 11 states, the District of Columbia, Puerto Rico, and Dutch West Indies. New York has the heaviest enrollment with 56 students; Pennsylvania, 47; Maryland, 46; New Jersey, 31; Connecticut, 10; Virginia, 10; District of Columbia, eight; Delaware, four; Puerto Rico and Massachusetts, two; Illinois, South Carolina, Ohio and Dutch West Indies, one.

Upperclassmen numbering 480 and including 169 sophomores, 155 juniors and 156 seniors returned to the college Monday.

About 50 veterans are enrolled.

COLLEGE BAND HAS WON FAME WITH PROGRAM

While senior Dick Prinzing of Webster, N. Y., has taken over Ken Phillips' baton as director of the Mount Saint Mary's College band, chances are the musicians will maintain the traditions begun about seven years ago by Tony Semeraro, now of the faculty.

Under Semeraro the band won a good deal of acclaim throughout the Mason-Dixon conference area for its spirited performances at the Blue and White games. Funny thing, too, while Tony and his pals tooted, the Mountaineers went on to play the finest basketball in college history and eventually wound up winning four straight M-D titles and a trip to Evansville. Time was when as many people showed up to listen to the band as watch the Mountaineers play—a real tribute since Jack Sullivan was then knocking them dead all over the area with his scoring feats.

Perhaps the finest tribute to the morale factor the band built up was the sudden reaction among conference members where rules suddenly began to blossom against the use of musical instruments in gymnasiums.

Annual Concert
In addition to their spirited play at the cage games, the band also

REV. THOMAS G. SMITH
Spiritual Director

presented an annual concert in which the maestro did an about-face and led his charges through spectacular long-hair offerings in best symphony orchestra tradition.

Recently the band has shifted emphasis again and tuned up a dance orchestra which has made numerous appearances not only at Mount functions but at neighboring colleges as well. Thus their repertoire now ranges from foot-stomping rock-and-roll through light classical offerings to peppy college songs.

As such the band has become a tradition on the campus.

Fr. David W. Shaum's Glee Presentations Have Brought Musical Pleasure To Campus

This year Fr. David W. Shaum's Glee Club begins its second decade with a bag of memories that will be hard to match. Highlights are hard to single out in the spectacular success that the choristers have had since Fr. Shaum first gathered them together for informal singing ten years ago. But it would be a safe bet to say that one of the happiest events was the 1958 graduation when the gleemen sang a special West Point medley that drew fond smiles from President and Mrs. Eisenhower as the salute was carried out.

But there have been all sorts of other high spots also: the performance last year with the Baltimore symphony orchestra; the festival of songs a few years ago during which the Mountaineer singers dazzled not only their audience but a collection of the top glee clubs from three states including the famed Baltimore and Ohio Glee Club; numerous TV performances; recordings; and the annual concert tours that have taken the singers into New York and Philadelphia.

Last season, in addition to their regular troupe, the gleemen presented a ten man combination called, fittingly enough, the Men of Note.

Has Good Nucleus
While many of Fr. Shaum's veteran standbys have passed on due to graduation, the nucleus for another top outfit remains headed by president Leo Quinn, Saratoga Springs, N. Y.

Calls for auditions will take place shortly after school gets under way. Then the grueling work of preparing for the year-long series of programs begins.

TRI-STATE CLUB

The Tri-State Club, reorganized in 1958-59, consists of students from Pennsylvania, South Jersey and Delaware. The group conducts social functions open to the general student body and coordinates activity between its student membership and alumni members of the unit.

NOVENA OF MASSES

Each year St. Joseph College seniors climax their academic endeavors with a novena of masses in the White House. The masses are said in the White House because of its significance to the founding and growth of the college, since it was the first building of the school.

The view shows the newest buildings on the St. Joseph's campus as seen from the west. To the left is the Student Center with the unusual cross on the huge window. The other structure is a residence hall, Rosary Hall.

SEVEN NAMED TO FACULTY AT ST. JOSEPH'S

Seven new staff members have joined the faculty of St. Joseph College for the 151st academic year which began Tuesday with the traditional opening mass.

The Rev. Edmund William Quinn of the Capuchin College, Washington, D. C., will lecture in religion and philosophy. Fr. Quinn received his B.A. from St. Fidelis College, his licentiate in Canon Law from the Gregorian University, Rome, Italy, and his doctorate in Canon Law from the Catholic University of America. He has traveled extensively in Ireland, England, France, Germany and Switzerland and resided in Rome for two years at

Banner Activities Marked Sesquicentennial Jubilee At St. Joseph College

The 1958-59 school year at St. Joseph College was one filled with banner activities as the institution celebrated the 150th anniversary of her founding by Mother Elizabeth Ann Seton in 1809.

Highlight of the year's festivities included a visit to the campus by President and Mrs. Dwight D. Eisenhower on March 14 when the first lady received an honorary Doctor of Laws degree. At the same ceremony Miss Alice R. May, assistant director of the Associated Catholic Charities of the Archdiocese of Baltimore and president of the International Federation of Catholic Alumnae, was awarded the St. Louise de Marillac Medal for dedicated personal service to her neighbor.

On April 25 the Most Rev. Francis P. Keough, archbishop of Baltimore, celebrated pontifical mass for the alumnae in the college chapel. The Most Rev. Jerome D. Sebastian, auxiliary bishop of Baltimore, preached the sermon. A Sesquicentennial luncheon followed, featuring recollections and tributes by graduates.

On June 14 the Most Rev. John D. McNamara, auxiliary bishop of Washington, D. C. offered solemn pontifical Benediction on the college lawn for 5,000 pilgrims who visited the shrine of Mother Seton in the largest pilgrimage ever to assemble on the campus.

On June 25 approximately 110 clergymen and 756 Sisters and numerous guests attended special ceremonies celebrating the spiritual association between the Congregation of the Mission and the

Mount Guidance Program Aids Freshman Adjustment To Changes Of College Life

By Rev. Joseph B. Tremonti, Ed.D., Director of Guidance

At Mount St. Mary's College, the Department of Guidance is the nucleus of a well-knit counseling program which extends its services to all Mountaineers—past, present and future.

Although primarily concerned with the administration of guidance and counseling services to the student body, the Department of Guidance serves as a coordinating body among student affairs and the administrative and academic policies of the college, which in effect concerns the practical application and end results of the basic tenets of the guidance program at the Mount. In conjunction with the various departments of the college, it is the task of the Director of Guidance to correlate and evaluate the overall program and to determine its effectiveness with regard to the academic and social problems of the student body.

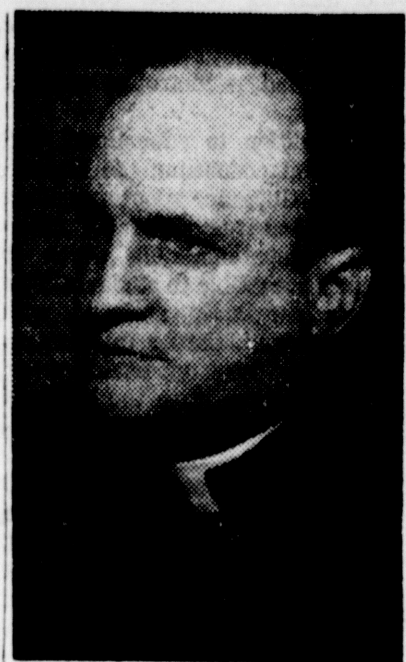

Because formal guidance is a relatively new science, just peeking over the educational horizon, many false and inadequate concepts have arisen due to a lack of understanding or misinterpretation of terminology. Basically, guidance is "helping the individual to help himself." It is as simple as that; yet we must not be deceived by the simplicity of this definition. Guidance is as complex as life itself, and although founded solidly on a systematic set of principles, it must be flexible enough to meet with the dynamic life situations with which it deals.

Aims Of Department

It is in the light of this definition that the Guidance Department of Mount St. Mary's College functions. It aims at "helping the individual to help himself" so that he might achieve the aims of the college and the goal for which he came to the Mount—that of becoming a Catholic gentleman—so that he might better serve his Creator, his community and himself.

Guidance services at the Mount extend from the pre-college period to the post-college follow-up survey.

As a service to potential students the Dean's Office and the Registrar's Office, in cooperation with the Guidance Department, work as an integrated unit to

REV. DR. J. B. TREMONTI
Director Guidance

assist students to bridge the gap between high school and college. Various types of literature are forwarded to all prospective students, their high school teachers, guidance advisors and parents to advise them of academic requirements and curricula offered. The purpose of this is not promotional, but rather it aims specifically at making the high schools and their students aware of the Mount's high standards of scholarship.

Close Contact

Throughout the academic year, the Guidance Office independently or in cooperation with the Admissions Office maintains a close contact with high school principals and advisors, students and their parents in order to arrive at a

Instructor In History

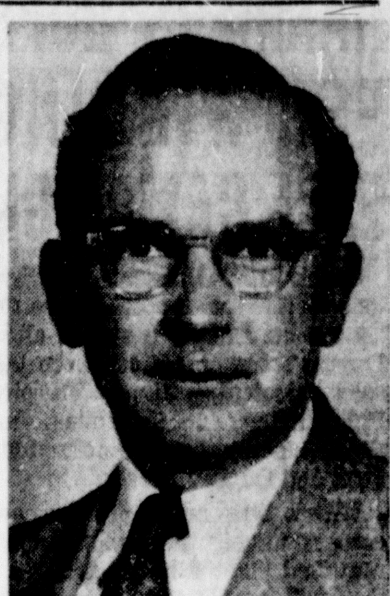

possible solution to any problem which might arise concerning higher education and career possibilities.

As a service to prospective students the Mount, under the supervision of the Guidance Department, lends its facilities as an examination center for the College Entrance Examination Board of the Educational Testing Service.

In order to effectively introduce incoming freshmen to the various facets of college life, each year the Director of Guidance plans an extensive freshman orientation program. Basically, the program revolves around the same format year to year, but in order to meet the increasing demands of our ever-changing educational and vocational problems the program is analyzed and revised each year to see that optimum results are derived from the indoctrination program.

Freshman Testing

The backbone of the entire freshman week program is the college testing program which is supervised by the Director of Guidance and administered by the senior education students. The testing program includes: battery of SCAT and STEP tests; Kuder tests; Religion placement test; and Advanced Form Iowa Silent Reading Test. The performance of freshmen on the various tests is recorded on individual profile charts, and composites of each individual student's test results are given to all instructors of freshmen. Whenever possible

BERNARD S. KALISS
Assistant Professor Of English

classes are grouped homogeneously in accordance with test results.

The purpose of the college testing program is not only to inform the college of the academic possibilities of each student, but to make the student aware of both his strong points and his weak points and to bring to surface any particular talents or preferences he might have.

In order to do this all students are assigned to faculty advisors selected from among the instructors in the various major fields. All faculty advisors and student counselors are provided with instructions and suggestions (Continued On Page 10)

HARRIERS HOPE FOR WINNING FALL CAMPAIGN

Coach Jim Deegan's harriers look forward with optimism to the '59 season. Back are almost all of Deegan's top operatives from last season including Jimmy Murphy, Pat Quigley, Charlie Vadas, Don Quinn, Terry Lynch, John Muldoon and Duncan Bessie.

With a little help from the newcomers among the frosh, Deegan may find just the hustle and speed that will enable the hill and dale squad to move up another notch on the Mason-Dixon totem pole.

While Deegan's crew seldom runs off with medals at the November championships, they do astonishingly well in the season's dual meets, a tribute to the coach's hard work and the good squad balance that he has built up.

Open With American

The harriers open their season on October 3 against American U. in Washington, meet Catholic U. at home on the 10th, Loyola here on the 16th, Roanoke on the 19th, Washington on the 21st. They travel to Washington to face Gallaudet on the 27th and Howard on the 31st.

After the finale with Towson in Baltimore on November 7, the harriers run in the Loyola Invitational meet on November 14

Freshman Interviews

All freshman students are interviewed by their assigned counselors shortly after the beginning of the school year. The counselors review for the students their results on the orientation examinations. The counselors also interpret for the students the results of the interest and aptitude tests, discuss the grades expected from each student, and help the student prepare a time schedule for study.

During the academic year periodic meetings are held with all guidance counselors and the guidance committee to discuss their findings, to exchange ideas, and to arrive at new approaches to improve counseling techniques.

Each year some 150 freshmen better their class work at the Mount because they have the intelligence and initiative to recognize and do something about faulty reading habits. All students who demonstrate weaknesses in speed, comprehension or vocabulary in the reading section of the STEP and Iowa Silent Reading Tests are encouraged to take the Developmental Reading Course which is part of the Guidance Program.

Increases Proficiency

The course aims at increasing proficiency in reading by improving reading skills, stimulating

greater interest in reading and making the individual a more alert and responsive reader. It consists of 20 class hours, including two hours for testing, administration of the Keystone Visual-Survey binocular tests to detect those who need glasses or change of lens, explanation of the learning process and techniques for learning, tachistoscope training, controlled (Harvard Films) and uncontrolled reading exercises.

In addition to educational and vocational counseling the Department of Guidance sponsors career clinics and maintains an up-to-date occupational file which is readily accessible to students. This file is constantly enriched with new material. Career information and employment opportunities are also made known to the students through publication in the Mount Echo.

Under the direction of Gerald C. Orosz, the Placement Office strives constantly to give efficient and effective service to students and alumni, with special attention given to seniors and veterans. Each caller at the Placement Office receives individual attention, advice and direct referrals to suitable job leads. Each senior receives a copy of "Careers for College Men," offering company suggestions for prospective careers.

Annual Report

The highlight of the Guidance Program is the publication of the Annual Report of the Director of Guidance in which results of the program are recorded and ana-

Sister Rosemary Pfaff, Ed.D., dean of studies at St. Joseph, emphasizes a point in a chat with Mrs. Therese Klieser, new director of guidance and vocational training.

Seven Named

(Continued From Page 8)
Mrs. Therese Klieser, Stephens City, Va., has been named vocational guidance director. A 1957 graduate of St. Joseph's, she did graduate work at Johns Hopkins U. and Loyola College, Baltimore, from which she received her M.A. in Guidance and Psychology. She has worked previously at Woodrow Wilson Rehabilitation Center and Sacred Heart Academy. She is also an accomplished draftsman and illustrator.

Mrs. Klieser is a member of the Council of Exceptional Children of the NEA, A.P.G.A. (Vocational Guidance division) and has served as art editor for the Catholic Counselor Magazine.

Miss Patricia Snider
Miss Patricia Ann Snider, Marblehead, Ohio, has been appointed instructor in physical education. She is a graduate of Bowling Green State University where she took a B.S. degree. Active on campus, Miss Snider was chairman of informal concerts of Union Activities; president of Delta Zeta, a member of Beta Beta, the biological society; Kappa Delta Pi, education society and Delta Psi Kappa, women's health and physical education fraternity.

James J. Thomas, Emmitsburg, a graduate of Mount St. Mary's with a B.S. and Penn State U. with an M.S. in Organic Chemistry, has been named a lecturer in physical science. After industrial experience with the Armstrong Cork Co. at their research and development center, Thomas began teaching at Mount St. Mary's. He is a member of the American Chemical Society, Division of Chemical Education and the Examinations Committee, general chemistry subcommittee.

Sister Patricia O'Friel, a graduate of Margaret Morrison College of Carnegie Tech with a B.S. in Home Economics and Cornell University with an M.S., returns to the college after teaching in Lynchburg, Va. Sister Patricia, who had taught at St. Joseph's prior to entering the Sisters of Charity, will become an instructor in home economics. She is a member of Phi Kappa Phi. In the home economics department Sister Madeleine Wheeler succeeds Sister Mary Edward Walsh as chairman, the latter having been transferred to Bladensburg.

Sister Christine O'Gorman has been named associate professor and head of the division of nursing at St. Joseph College. A grad-

uate of St. Joseph College, she completed her nursing at the School of Nursing, Providence Hospital, where she received her R.N. She also was awarded an M.S.N.E. from Catholic University.

Sister Christine has had extensive experience at St. Joseph High School, Petersburg, Va.; St. Agnes Hospital, Baltimore; St. Vincent's Hospital, Jacksonville, Fla.; St. Mary's Hospital, Rochester, N. Y.; St. Vincent's Hospital, Bridgeport, Conn. She has also served as director, Undergraduate Nursing Program, at the Catholic University.

She has traveled in France, Belgium, England, Ireland and Italy. She is a member of the Professional Nurses' Association and the National League for Nursing.

Sisters of Charity. The Most Rev. John A. O'Shea, C.M., bishop of Kanchow, Kiangsi, China, celebrated a pontifical mass on the college lawn and presided at cornerstone ceremonies for the new Immaculata Juniorate.

Apostolic Delegate
The climax of sesquicentennial ceremonies occurred on July 31, the exact anniversary of Mother Seton's arrival at the present campus site in Emmitsburg, when the new apostolic delegate to the U. S., the Most Rev. Egidio Vagnozzi, D.D., assisted by more than a score of prelates, celebrated a pontifical mass of Thanksgiving.

More than 800 persons, most of them nuns from the six communities established by Mother Seton throughout the country, attended. Rt. Rev. Msgr. John Tracey Ellis, famed Catholic historian, preached the sermon.

At the March convocation honoring Mrs. Eisenhower more than 1,200 persons, including delegates from 70 colleges and universities, watched as Sister Hilda, president of St. Joseph's, bestowed the sheepskin and the purple hood on the First Lady.

As if to disprove the maxim that a woman always has the last word, President Eisenhower responded for his wife and recalled how moved both had been when on his return from Denver to recuperate at his Gettysburg farm Sisters and students from St. Joseph "in mortar boards and gowns, stood at the hedge and waved a welcome salute."

St. Joseph Teaching Team Is Expert In Theater Arts

Despite the obvious responsibilities of eleven years of marriage and six children, the lure of foot-light and grease paint still proves a heady tonic to Prof. and Mrs. Donald J. Waters, a unique family teaching team at St. Joseph College, Emmitsburg.

A similar taste for the drama and another husband-wife team, since spectacularly successful, first attracted the Waterses' attention to each other during the summer of 1948. Mrs. Waters was visiting in Washington at the home of her close friend, Jean Kerr, author of the smash best-seller "Please Don't Eat The Daisies," and her husband Walter, then associated with the Catholic 1961 as assistant professor of speech and drama and director

University drama department, naturally enough hauled home his teaching colleague to round out a foursome. A few months later the couple married and shortly after moved to Winona, Minn., where Professor Waters began teaching at St. Teresa College.

Mr. and Mrs. Waters have been associated with St. Joseph College since the former's appointment to the faculty in September of 1954. Mrs. Waters was requested to establish a liturgy club on campus; she has since remained its moderator-director.

Was Track Star
Born in Brooklyn, N. Y., Mr. Waters was educated in parochial schools there and received his B. A. degree from St. John's

William Woods, Mount St. Mary's senior and regional president of the National Federation of Catholic College Students, talks over plans for the coming year with Margaret Philbin, St. Joseph senior and vice president, and newly elected SJC delegates Marie Karl (right), and Karen Kreiger (left).

Six 1959 graduates of St. Joseph's have entered Lay Apostolate work. Pictured left to right are: Jean Bushey, Gettysburg; Katherine Beaver, Wellesley, Mass.; Patricia Crowley, Long Branch, N. J.; Ann Dodd, Brooklyn, N. Y.; and Theresa Rybikowsky, Emmitsburg. All will work in Alamogordo, N. M., except Miss Rybikowsky who is assigned to St. Jude Thaddeus School for negroes in Montgomery, Ala.

1947, he taught four years at the College of St. Teresa, Winona, Minnesota, before coming to St. Joseph's. Promote to associate professor at the end of last semester, Mr. Waters has directed all major plays during the past eight years, including "The Importance of Being Earnest," "Our Town," "Antigone," "Arms and the Man," and "Anastasia."

Mrs. Waters, the former Janet Marie Gavin, was born in Scranton, Pa., and educated at Marywood Seminary and Marywood College, where she starred in numerous plays. Her most rewarding parts were leading roles in "Romeo and Juliet," Gheon's "The Comedian," and J. M. Barrie's "Quality Street." In addition, she had intensive experience in radio dramas both during and after college with Stations WARM and WGBI, Scranton. In these years also, she took summer courses in drama at Catholic University, where she understudied Julie Hayden in her guest appearance in a production of Philip Barry's "Hotel Universe."

Liturgic Study
Following this, she taught at St. Mary's High School, Elizabeth, N. J., and Mount St. Joseph Junior College, Owensboro, Ky., before

returning to Scranton in 1944 to organize and direct the diocesan program of the Junior Catholic Daughters of America. While in Kentucky, she had become acquainted with the work of the National Liturgical Conference. Her subsequent study and practice of para-liturgical activities brought many invitations for speaking engagements which she has filled in Pennsylvania and Maryland both before and since her marriage.

Although the busy schedule of family life keeps Mrs. Waters from actively collaborating with her husband on his play productions, they found a fortunate outlet for their mutual interest in theater when, in 1953, they began to adapt and read plays to college and club audiences. Such plays as T. S. Eliot's "Murder in The Cathedral," Tennessee Williams' "The Glass Menagerie," Jan de Hartog's "The Fourposter," and Clifford Odets' "The Country Girl" have been read to St. Joseph College faculty and students and to the Woman's Clubs of Gettysburg, Littlestown and Greencastle, Pa. In December of this year, they will again read a play, not yet selected, on the college lecture-

concert program; and in March 1960, they will read to the Gettysburg Woman's Club.

The chief hazard of such an undertaking, they say, is that the youngest of their children have not yet become accustomed to the loud noises emanating from the living room on the nights when the parents are rehearsing for a reading. Frequently an acting voice raised in anger or threat sounds all too realistic to a sleepy child, who must first be calmed before rehearsal can proceed.

This year they worked together to produce the sesquicentennial pageant commemorating the founding of the college. Mrs. Waters directed the choral-speaking parts and Mr. Waters staged the entire production.

ALUMNAE AID MISSION UNIT LAY PROGRAM

Six of last year's St. Joseph College graduating class have entered a year of voluntary service to the lay apostolate movement.

Jean Bushey, Gettysburg; Katherine Beaver, Wellesley, Mass.; Patricia Crowley, Long Branch, N. J.; Ann Dodd, Brooklyn, N. Y.; and Margaret Gomer, Clark Twp., N. Y., will spend their year at Immaculate Conception School, Alamogordo, N. M. Jean Bushey will do parish and general secretarial work while the others will teach.

Theresa Rybikowsky, Emmitsburg, will teach at St. Jude Thaddeus School for negroes in Montgomery, Ala.

Purpose of Program
The purpose of the program is to aid mission work in the United States. Volunteers receive no salary except room and board. The girls work in areas where there is a shortage of teaching Sisters. Since the introduction of the program to the St. Joseph campus in 1957 more than 18 students have participated in it.

Five '57 graduates helped staff two parochial schools in New Mexico. Six '58 graduates, a secretary, a social worker and four teachers served in Alamogordo and Tularosa, N. M., and Dallas, Texas.

The Blessed Clet Mission Unit on the St. Joseph campus assists financially with travel and incidental expenses for college lay apostles. The money is raised by voluntary student offerings, profits from the student staffed gift shop, and other fund raising activities.

The "Give-a-Year plan originated with the mission unit of Regis College, Weston, Mass.

CAPITAL CLUB

Membership in the Capital Club is open to students from the District of Columbia, Maryland and Virginia. Always an active club on campus, the group sponsors events both during the school year and at vacation periods. Last year the group held a New Year's Eve dance and several banquets.

Savage Looks Like Answer To Cage Squad's Loss Of High Scoring Burt Sheing

Fittingly enough Coach Jim Phelan's hottest basketball shooters over the past five years have all had handles starting with "S." Tops was the fabulous Jack Sullivan who, having broken all Mountaineer and Maryland records, went off to greener pastures with the Peoria Cats two years ago.

JIM PHELAN
Varsity Cage Coach

and wound up with the Quantico Marines last season.

Last season it was Burt Sheing, the Wilmington whiz, who racked up enough points, 1,701, to pull up behind Sullivan in the Mount scoring record book. Now with Sheing gone, Phelan must look to Jerry Savage, an East Orange junior, who caught fire in last season's Mason-Dixon tourney, landed on the all-star team and gave the impression that he might be just the fellow to carry on the shooting tradition at the Mount.

Phelan, with a phenomenal five-

year record of 99-37 faces a rough season. The 23-game Mountaineer schedule pits the Blue and White against the top foes in both North and South divisions of the Mason-Dixon Conference. Only Randolph-Macon is a newcomer to the 14-game conference card which includes such perennial toughies as American U., Loyola, Hampden-Sydney, Roanoke, Baltimore U., Catholic U., Washington, and Western Maryland where things are said to be looking up.

Georgetown Opener
In addition the Mountaineers tap off against a highly touted Georgetown squad on December 2. After a charity fray with Shippenburg at York and a home out-of-league fray with St. Vincent's, the Mountaineers are idle until mid-December when they play at the Quantico tourney against old mates Jack Sullivan and Jerry Bohlinger.

Phelan's crew is a thin one this season and there are many who think the bloom is off the rose. Front court presents a major problem since the Mountaineers will lack height and experience. Mike Callahan, 6' 7" soph, Dick Talley, 6' 4" soph, Dave Samuels, 6' 3" soph, and Dennis Barry, 6' 4" soph, all virtually untried must carry the load under the boards. If Barry's knee injury, which sidelined him through most of last season, has come 'round, Phelan will breathe easier. Barry sparked the team to its two New York wins in early season. He has tremendous spirit, is a hustling board man and a good shooter. A sound Barry would go a long way to making a sound Mount team.

METROPOLITAN CLUB

The Metropolitan Club represents a successful effort to organize all residents of New York and New Jersey into a unified social society. Highlight of the club's many activities last year was an off-campus dance held in the Terrace Room of the Henry Hudson Hotel, New York City, over the Christmas holidays.

DANTE CLUB

The Dante Club is the Italian society on campus dedicated to spreading the heritage of Italian culture. The club meets regularly and programs various social events.

Jack Thompson, 6' 5" junior, has the skills for greatness but the big fellow has never caught fire.

Frosh may help solve some of Phelan's problems but by and large this looks like an off year for the Mountaineers unless the squad does an about-face once practice sessions start in October.

FORENSIC CLUB ISSUES CALLS

Budding orators have an opportunity to display their wares with the Mount St. Mary's Forensic Society under the leadership of John W. Herbert Jr., '60, Jacksonville, Fla., president of this year's debating group.

Members of both the Cardinal Gibbons Debating League and the Washington-Maryland Forensic League, the debaters work a stiff schedule against the top schools in the area, including Georgetown, Loyola, Georgetown Foreign Service School, Johns Hopkins, Catholic U. and others. Opportunities are presented in league competition for both experienced and novice debaters. For the most part, the teams handle the national topic debated by most of the colleges in the United States.

In addition to league competition, the team also engages in tournament performances. Calls for interested students will be issued shortly and candidates will be screened by the society officers after an opportunity for presentation of a topic has been given. The number of teams active in intercollegiate competition depends largely on the number of talented candidates.

When a qualified senior candidate exists, the Watterson Memorial Prize is awarded at graduation for excellence in oratory and skill in debating.

William A. Wood Is NFCCS Delegate

The National Federation of Catholic College Students is a society of the students of more than 200 Catholic colleges across the country, whose main function is to serve the students and the extracurricular groups on campus. The organization is on a student level, and remains there, limited to lay, undergraduates.

William A. Wood, '60, heads the group on campus as senior delegate; James Friel is junior delegate; Austin Cannon, travel chairman; Richard G. Grassy, '61, C.U.R.A. chairman.

Members of the philosophy department at St. Joseph's share a Socratic jest. Left to right: Dr. Boleslav Povsic, Rev. Robert Kline, and Rev. Dr. Thomas J. Kilcullen.

Mrs. Evelyn E. Tighe, standing, and Mrs. Mary C. Gremillion, as housemothers at St. Joseph College, serve in a variety of capacities. Their duties include chaperoning at social functions and campus activities. Mrs. Tighe, who begins her third year at the college, is the widow of Lt. Cmdr. Thomas J. Tighe, USN. She has lived in P. I., Guam, Honolulu, and the west coast. She has one daughter, Mrs. Ruth Stewart, St. Mary's County, Md. Mrs. Gremillion, widow of James A. Gremillion Jr., Louisiana, begins her second year at St. Joseph's. She was formerly assistant librarian of the Medical Library, Loyola University, New Orleans, La. She has one son, James A. Gremillion III, Baton Rouge, La., who is associated with the Dow Chemical Co.

MOUNT K OF C UNIQUE GROUP

Unique among Mount St. Mary's campus organizations is Council 1965 of the Knight of Columbus, founded in 1919, the first council to be organized on a college campus. It still ranks as one of the few college councils in the United States. Aside from its name, however, the K of C council remains completely independent of the college.

During the year the campus Council sponsors a series of social events including dances, jazz etc., to complement the organization's fraternal activities.

In the past the Knights have also carried on organization activities through a series of broadcasts on significant topics over local radio stations with the scripts written and presented by council members.

High Spots
High spots of the calendar, of course, are the degree activities, especially the colorful and exciting third degree with regard to which Knights are pledged to secrecy.

Social events generally reach their climax in April with an annual Knights of Columbus weekend on campus.

Headquarters of the council is Purcell Lounge, the council's official chambers, which the group took over several years ago and completely redecorated. Renova-

Legal Society Aids Prospective Lawyers

Prospective lawyers can familiarize themselves with the entrance requirements of the various law schools and the general procedures of law practice through membership in the Legal Society at Mount St. Mary's.

The group holds regular informal monthly meetings plus special assemblies at which appear eminent lawyers and various law school officials.

The society also participates with its fellow clubs on campus in a number of social events, including dances, movies, field trips to surrounding state capitals and to the nation's capital. Elections are held annually in conjunction with the society's banquet. Robert J. Guilday, '61, heads the organization this year.

Sons Of Erin Has Active Membership

One could expect that the "Sons Of Erin" would stir up a lively fuss on campus at one time or another, and the Mountaineer Irish brigade manages just that on frequent occasions.

The purpose of the club is to familiarize its members with Ireland's part in history, culture and world developments. The Sons subscribe to Irish papers and periodicals, and makes these available to the membership. They also sponsor lectures which give an insight into Irish opinion, both past and present, and monthly movies which present a vivid picture of contemporary Ireland.

Socially the Sons leave their impact on campus also. Annually they sponsor a weekend featuring a variety show and dance. They also hold an annual Field Day in which classes compete against one another for trophies in track and field events.

Renovation was undertaken again last year under Grand Knight Edmund D. Brennan.

Grand Knight for the current year is senior Gerald T. Eller-meyer.

Mrs. Ann Waters Mulholland, social director at St. Joseph College, attended the College of Notre Dame of Maryland. She has traveled extensively in this country, Puerto Rico and the British West Indies, and has had experience as a business executive and designer of fabrics. Mrs. Mulholland is beginning her fourth year at the college where she supervises the social program of the students.

MISSILE, WITH MICE AND FROGS IS DESTROYED

CAPE CANAVERAL, Fla. (AP)—A Jupiter missile carrying 14 pregnant mice and two frogs exploded today 10 seconds after launching.

The shot was to have been a test of the effects of space flight on the tiny animals and several other biological samples packed in the nose cone.

The would-be space travelers met a fiery death when the Jupiter blew apart about 1,000 feet in the air.

Pieces of the vehicle fell back on the launching area but no one in the area was hurt.

The 60-foot rocket rose from its pad at 6:45 a. m.

Detect Malfunction

The Department of Defense announced that the range safety officer deliberately destroyed the big missile when his instruments detected a malfunction.

The Jupiter was to have carried its flying menagerie some 300 miles into space and 1,500 miles down the Atlantic missile range. Ships and planes waited near the West Indies island of Antigua hoping to recover the nose cone and its precious cargo.

The National Aeronautics and Space Administration said the purpose of the test was to study the effect of space flight on various biological systems. The information would help prepare the way for manned space journeys.

The launching had been scheduled 24 hours earlier but technical difficulties caused a postponement.

RED DINNER TONIGHT

WASHINGTON (AP)—President and Mrs. Eisenhower will not have to eat borscht tonight when Soviet Premier Nikita Khrushchev presents a dinner in their honor.

The menu for the Russian Embassy dinner lists a choice of soup—Borscht for those who like the Russian beet soup; perch soup for the others.

The dinner, mostly of food flown from Russia, will be prepared by a chef also flown from Russia.

ADVERTISE IN THE TIMES

TO HOLD EXAMS FOR ACADEMIES

Congressman James M. Quigley today announced that a makeup competitive examination for 1960 service academy appointments will be held November 7 in York and Harrisburg. The examination is open to those 19th Congressional District residents desiring congressional appointment to Annapolis or the Air Force Academy who were unable to take an earlier examination. Applications for the designation examination from Adams, Cumberland and York County candidates must be received in Rep. Quigley's office on or before October 6.

Only bona fide residents of the 19th Congressional District who will have graduated from high school by the end of the 1959-1960 academic year will be considered, Quigley declared. They must be at least 17 and not yet 22 years of age by July 1, 1960, to be eligible for admission.

Quigley has the privilege of designating three principal candidates and fifteen alternates to the Naval Academy for 1960. To the Air Force Academy he will name one principal and ten alternates. For 1960 he has no vacancies for the district at West Point. In addition, he has the opportunity of making ten nominations to the Merchant Marine Academy at New London, Conn.

MASTER PLAN ON ALGIERS WILL BE AIRED

PARIS (AP)—President Charles de Gaulle tonight disclosed his master plan for ending the nearly five-year-old Algerian rebellion—France's top problem.

De Gaulle prepared his statement behind a cloak of secrecy at his country estate at Colombes les Deux Eglises. This morning he was to read it to his Cabinet and later broadcast it over radio and TV.

Little officially is known of what De Gaulle will propose for ending the rebellion, but it has been disclosed he will "affirm the principle of self-determination."

This has been interpreted to mean Algeria's nine million Moslems will be able to vote on how they wish to be covered. Nothing official has been reported as to De Gaulle's timetable for bringing the plan to a vote.

PLAN TO FIRE FINAL ROCKET IS ABANDONED

By BEN FUNK

CAPE CANAVERAL, Fla. (AP)—The countdown reached zero Tuesday on the last of the Vanguard rockets, but at attempt to launch it with a 100-pound satellite was abandoned because of undisclosed technical difficulties.

An informed source said the firing button was pressed but failed to send the necessary signal to the ignition system.

It was trouble that couldn't be fixed quickly, so the Vanguard crew decided at 2:40 a. m. to go home and try again later. There was no immediate decision on when that will be.

The satellite included a 50-pound payload and the 50-pound third stage of the rocket, which will remain attached to the satellite. Its job will be to measure the earth's magnetic field, solar X-rays and the more dangerous pockets of radiation around which man will want to detour when he flies to the moon.

Trouble is no stranger to the Vanguard program. A victim of circumstances, the slim, 72-foot rocket has been plagued with technical difficulties since its beginning.

The first Vanguard was rushed to a launching stand, long before it was ready, in a frantic effort to get a satellite into orbit and save face for America after the Soviet Union launched Sputnik I. The fledgling Vanguard blew up on its pad Dec. 6, 1957.

Since that time, Vanguard rockets have launched two satellites, the so-called "grapefruit" and "basketball" moons, in nine tries.

FASHION DESIGNER DIES

HOLLYWOOD (AP)—Funeral services for Gilbert Adrian, Hollywood fashion designer, will be conducted at 3 p. m. today. He died Sunday following a stroke. He leaves his wife, actress Janet Gaynor, and a son, Robin.

To achieve maximum attention, the French President has ordered radio and TV channels cleared in France and Algeria to carry his statement. The speech, expected to last about 15 minutes, will also be heard throughout the vast French community embracing 12 semiautonomous states in Africa and Madagascar.

Khrushchev Makes Trip In Turbo-Jet

WASHINGTON (AP)—Nikita Khrushchev's plane was a "turbo-prop"—which means that jet turbine engines spin propellers.

This is different than the type popularly called "jet." A jet uses the thrust of burning fuel to push the airplane ahead. The idea is like that of a small balloon from which air is released suddenly. The thrust of the air propels the balloon.

Turboprop planes have the advantage of longer range. They are slower than the so-called "pure jets." Propellers are connected to the jet turbines through reduction gears to bring the propeller turning speed down to an efficient rotation.

Khrushchev's plane is a TU114 with four turboprop engines.

FRAT MEN TOP OTHERS

UNIVERSITY PARK — The Pennsylvania State University expressed pleasure today with "the generally favorable scholarship growth" of its fraternities.

Wilmer E. Wise, representing the dean of men's office in fraternity affairs, reported that the all-fraternity men's average (2.43 out of a possible 4.00) topped the all-University men's average (2.36) during the Spring semester. He also noted that 34 of the university's 53 fraternities posted averages above the all-University men's average.

Fraternities singled out for special mention were Acacia, Alpha Chi Sigma, Alpha Epsilon Pi, Alpha Phi Alpha, Alpha Phi Delta, Alpha Rho Chi, Alpha Zeta, Beta Sigma Rho, Lambda Chi

Alpha, Pi Kappa Phi, Pi Lambda Phi, Sigma Alpha Mu, Tau Phi Delta and Triangle.

Alpha Zeta and Triangle, it was pointed out, have finished among the top quarter in scholarship for 18 consecutive semesters.

Ten chapters were cited because of their "notable improvement" in scholarship. These ten were Lambda Chi Alpha, Sigma Alpha Mu, Phi Epsilon Pi, Alpha Epsilon Pi, Pi Lambda Phi, Alpha Rho Chi, Phi Kappa Sigma, Beta Theta Pi, Pi Kappa Alpha and Pi Kappa Phi.

Wise reported that all chapters finished the semester with averages above 2.1. A 2.00 is required by the university for graduation.

Developer Erects Sign For Nikita

SAN MATEO, Calif. (AP)—When Nikita Khrushchev drives along Bayshore Freeway next Monday he'll see a sign erected for him by a housing development. In English and Russian it reads: "Every person in this new Los Prados neighborhood is a free, happy home owner."

How Will "K" Measure U.S. Against Russ Background?

Editor's Note — Nikita Khrushchev arrived Tuesday to take a look at the bounding U.S. economy. What will be his yardstick? How will he measure U.S. life against the background of his Russian upbringing? Here is an appraisal of the system Khrushchev leaves behind when he flies to Washington.

By WILLIAM L. RYAN
Associated Press News Analyst
Starting Tuesday Nikita Khrushchev is getting a first hand idea of what he must do if he is to deliver on those promises he has made to the people of the Soviet Union—to match and overtake the living standards of the United States.

The Communist boss likely will see America through the eyes of one whose life has been ruled by inflexible Marxist-Leninist theories. Probably he will remain convinced the U.S. system inevitably must collapse and that thus the superiority of the American way must be regarded as temporary.

Far Behind U.S.

The U.S.S.R. has come a long way, even in the five or so years of the Khrushchev era. Under any system, mighty development would have been certain in these modern times for so naturally rich a land. Its strides in science, technology and military might are well known. But it lags badly behind Western Europe, far behind the United States, in terms of people's material well-being.

A Communist party of 8 million rules the nation's other 200 million, more than half of them Great Russians dominating scores of different languages. Khrushchev says this is the world's most democratic system because the party represents all the people and there is no need to choose between leaders. In the West, he adds, workers can choose only between parties intent upon exploiting them.

Have Privileged Class

The system, however, has produced a privileged class. It's extremely difficult to become a Communist in the U.S.S.R. Membership is open only to those the party calls the "politically mature." Party members often have

the best jobs, make the most money. A ranking Communist can have a private town apartment, a country dacha or bungalow, an automobile assigned for official or personal use. He often has a chauffeur and other servants. His wife may scorn Moscow dress-makers and have her clothes made in Riga—or even, if she's ultrafashionable, imported from Paris.

In Low Brackets

But about 60 per cent of the labor force—perhaps 55 million—are those the party calls "workers and employees," wholly dependent upon wages and salaries. Of these, eight million were in an extremely low bracket in September, 1957, when a decree fixed the minimum wage of 270 to 250 rubles monthly equal in terms of purchasing power to perhaps \$27 to \$35.

The average worker now probably earns 800 to 900 rubles monthly, on \$80 to \$90 in terms of purchasing power. Of this, about 70 per cent goes for food, 17 per cent for clothing and necessities, 9 per cent for rent and utilities, the rest for squandering or saving. The citizen is urged to deposit his surplus, if any, in savings banks.

Apart from rents, living costs are high. Families get by because usually each has two or more working members. Some improve their situations by having their own vegetable gardens, even cows and chickens, though this now is being discouraged officially in urban areas.

Month For Cheap Suit

The average man works about three hours to earn enough for 500 grams—little more than a pound—of butter or bacon. The average American earns that in less than a half hour. A cheap suit costs more than a month's pay; a 15-inch television up to five months pay. The smallest automobile would cost the average worker more than 16 months pay, a university professor about six months pay, and a cabinet minister about two months salary.

One of the biggest consumer economy problems is a severe housing shortage. It is common for a Russian family of four or more to be crowded into a single room. Many families must share kitchen and other facilities. To appreciate what this means, an American might imagine 20 persons crowded into the average-size American home. Khrushchev says a building program will cure this within 12 years, but that's optimistic.

Another sore spot is a severe manpower shortage. This requires use of women for heavy labor. Almost half the labor-employing force is made up of women. Freeing them from it would cut the force in half, have a telling effect on the economy, and weaken the military.

Japanese women first voted in 1946.

Thank You For Another Successful FAIR!

Thank you very much for the wonderful response to our 36th Annual South Mountain Fair — to the thousands of people who attended the fair, to the hundreds of volunteer men and women of Adams County who unselfishly devoted their time before and during the fair, all of the commercial and educational exhibitors and the many advertisers who made our annual Premium Book possible.

We are planning on our 1960 South Mountain Fair for a bigger and better fair than ever, and again we thank you for making possible this great South Mountain Fair.
